Have I met my deductible? Yes No

In the event you have a deductible, your insurance company will not cover the cost of the visit and we will not be able to bill your insurance company directly. You will be required to pay for the cost of the visit.

Initial consultation - \$380

Follow up visit - \$190

We will provide you with the appropriate documentation to submit to your insurance company to show receipt of the services. This will allow you to "pay down" your deductible. Once your deductible has been met and you have nutrition services on your policy, we can then directly bill your insurance company.

I acknowledge the above information regarding my deductible. Yes No

Do I have a co-pay for nutritional counseling?

For most insurance companies, we are considered specialists. Therefore, your specialist co-pay may be applicable and is payable at the time of service. This information is often apparent on the front of your actual insurance card. However, because we usually bill your insurance with preventative counseling the co-pay is often not applicable. We generally wait for the claim to be processed to determine whether or not you have a co-pay and then charge the credit card you have on file with us the co-pay amount.
